Task 2: Register in the Student Marks Portal

portal login page

A screenshot of the 'Complete registration' form. It has a light gray background with a vertical light blue bar on the left. At the top is a black circle with the white text 'ID'. Below this is the title 'Complete registration' in a bold, dark blue font. Underneath the title is the text 'Enter your registration number, course and section. The enrollment requires approval.' in a smaller, gray font. The form contains three input fields: 'Registration number' with the value '2024-BSE-48', 'Course' with the value 'SE-665 — Cloud Computing', and 'Section' with the value 'Section A'. Below these fields is a dark blue button with the white text 'Submit enrollment'. At the bottom is a light gray button with the dark blue text 'Sign out'.

available storage

Task 4: Create the Ubuntu Server Virtual Machine

New Virtual Machine Wizard

Typical (recommended) as the virtual machine configuration.

Installer disc image file (ISO) and browse to the Ubuntu Server ISO

New Virtual Machine Wizard

Specify Disk Capacity

How large do you want this disk to be?

The virtual machine's hard disk is stored as one or more files on the host computer's physical disk. These file(s) start small and become larger as you add applications, files, and data to your virtual machine.

Maximum disk size (GB):

Recommended size for Ubuntu 64-bit: 20 GB

☐ Store virtual disk as a single file

☒ Split virtual disk into multiple files

Splitting the disk makes it easier to move the virtual machine to another computer but may reduce performance with very large disks.

Cancel

Allocate at least 20 GB of virtual disk space

New Virtual Machine Wizard

Ready to Create Virtual Machine

Click Finish to create the virtual machine and start installing Ubuntu 64-bit.

The virtual machine will be created with the following settings:

Name:	Ubuntu 64-bit
Location:	C:\Users\User\OneDrive\เอกสาร\Virtual Machines\Ubuntu ...
Version:	Workstation 25H2 or later
Operating System:	Ubuntu 64-bit
Hard Disk:	20 GB, Split
Memory:	2048 MB
Network Adapter:	NAT
Other Devices:	2 CPU cores, CD/DVD, USB Controller, Sound Card

Customize Hardware...

☒ Power on this virtual machine after creation
